

PETER SATEGNA EDUCATIONAL FOUNDATION NEWSLETTER

Winter 2013
Vol. II, Issue I

Our Mission: Giving Academic and Vocational Scholarships that Change Lives.

Message from our Director: As the holiday season winds down, I hope that all of you had a joyous time and celebrated

ringing in the new year surrounded by good company. I know I did! And just as fast as the ball dropped in Times Square, I was planning our path for the new year. As most of us make a resolution for the new year, the Foundation makes goals for itself. Our biggest goal (resolution) we have set out to do is raise \$150,000.00 this coming year. We need everyone's help to meet our goal and continue giving out scholarships that change lives.
~Katie

Thank You for

Helping us Celebrate!

On Tuesday, January 15, 2013, the Peter Sategna Educational Foundation hosted an Open House and official Ribbon Cutting with the Hayward Chamber of Commerce.

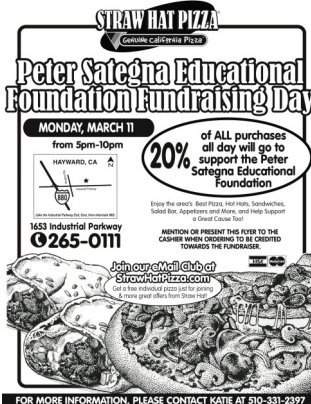

We would like to thank everyone who came out that day to join us in that celebration. Joining us was the City of Hayward Mayor, Michael Sweeney, Councilmen Francisco Zermeno and Mark Salinas. Also, thank you to Deborah Cox with Assemblyman Bill Quirk's office and Jack Bastida with Senator Corbett's office. In addition to those individuals, we also had joining us from Congressman Swalwell's office, Jake Brymner and Sarah Neagu. A big thank you to the Chamber of Commerce staff and Chamber Ambassadors and all our friends that helped make that day exciting.

Help Support the

Peter Sategna

Educational Foundation

When: Monday, March 11, 2013

Where: Straw Hat Pizza

1653 Industrial Parkway, Hayward, CA

Time: 5:00 p.m. — 10:00 p.m.

Mention to staff that you are there for the fundraiser and 20% of ALL purchases will go to supporting the Peter Sategna Educational Foundation.

Featuring Scholarship

Recipient

Vishal Kapadia

Vishal is a 2011 Peter Sategna Educational Foundation Scholarship Recipient from Scholarships, Inc. Vishal received a \$5,000.00 scholarship to help with his higher educational ambitions. We recently heard from Vishal and this is what he has been up to.

Vishal is studying Engineering at UC, Berkeley, "one of the world's finest institutions" according to Vishal. After being introduced to the rigors and curricula of engineering, he said it was an enormous adjustment. He plans to pursue a career in industry at a major company.

Vishal wanted to say thank you for the scholarship because without the assistance he received, he would not have been able to put as much focus into his academic career as he would have liked.

Keep up the great work!.
